Vol. III No. 1

## Mr Le Brun Speaks

Your editor has asked me to write a few words for this, the first issue of our, 1967-68 school newspaper. It is a pleasure for me to do so as it offers me yet another opportunity to communicate with you, the students.

A month has elapsed since we opened the doors on school year 1967-68. Your studies are beginning to take shape, and student government is beginning to role, fall athletic teams have been selected, and activity clubs are

forming. New students and old-timers are fusing so that one hears less and less reference to these terms. In a very real sense, our sleeping cub has come awake for a new school year filled with the possibility of fresh learning experiences.

I said in our opening assembly that all of you were part of a school that is proud to have been in the spotlight for twenty years. You inherit a rich tradition created by two generations of students, parents and teachers. You sit daily in classrooms that would be the pride of communities in any part of the world. All of this is passed on to you by those who preceeded you.

Like them, you inherit something that is a bit better than what existed previously. Like them, you have an obligation to leave it a better place than when you arrived.

## Election at BAHS

Mr P.F. Le Brun during an interview with one of our key men stated that he was very impressed with the manner in which the campaigns had been conducted. We both agreed the speeches were excellent and "the discussion of issues rather than emotional appeals" made it into a most mature high school election.

Those of us who had become part of the prophets turned pale in the presence of English students because of some results, eh, Mr Sullivan?

Bob Gardner was elected President,

## To the Reader .....

Before work on this year's Bear facts began the staff had numerous problems to overcome. Many of our members were in favour of having a commercially printed newspaper, the disadvantages proved greater than expected, so that we finally decided to produce the paper in its present form.

A commercial product would be very expensive and you, the reader, would have to cover this cost—we found sympathy in our hearts.

Another disadvantage and probably the greater of the two is publication. In the newspapers existing form, you may receive a copy of this highly demanded paper weekly, deca' day, or fortnightly, thus enabling us to satiate your hunger and desire for these pages, this would otherwise not be possible and we could not accept the responsibility of letting intellects starve. I think we have undoubtedly chosen the better escape.

A very good question in journalism is, what does your paper stand for? The reply to this is so simple, so beautiful that our whole staff fell in love with it, that classical love at first sight, the motto is

Truth, Integrity, Responsible Journalism

Yes, we promise not to let extremists or monopolies influence us, we have our scruples.

Many treats are in store for the reader, you are all "voluntary" Green Bay Packer fans, this membership will not only better your football knowledge but also your ----- in English.

Letters to the editor offering suggestions, or even articles, to help us improve this so innocently young bind - ing will gladly be accepted by Peter Hughes, room 105.

We hope you will be satisfied, after all, it's not the looks that count, it's what's inside and we declare cynicism, satire and subtlety out, who wants to win a beauty contest?

Gossip columns, the heart of school activities will appear regularly. Sports go big with us.

Sketches will be taken care of by heart throb "Sally".

The Editorial Page, now being read, will not fail to appear.

School politics will be in their own rights, for all first class citizens.

Opinion polls, or interesting events within school will appear. But we make it our point not to go beyond school.

A senior of the week will appear and he is chosen by the editorial staff.

Another treat, yes, another one, is a regular column, called Tom Harris speaks, till he falls from popularity.

Teachers need not fret and be peeved, we have not forgotten you, we shall introduce all our new teachers, b u t g r a d u a l l y .

Dedications will follow. I am indebted to our "industrious staff",

Thank you

Arch Rivals Bremerhaven Meet  
With Defeat

Good luck,  
cheerleaders!

The opening football gameoff the 1967 season was with arch rival Bremerhaven, the one team to give our cubs the taste of defeat in the last year's season.

Only one player returned from last years squad, the rest were unknown..With much enthusiasm, but with little belief, our team swore to avenge the defeat.

Berlin won the toss and on the opening kick-off, thanks to perfect cub blocking, Cleo Johnson was able to return the ball 86 yards, for a touchdown. The ball then switched hands twice until late in the second period. The Black Hawks threatened to score but were stopped short, on the one yard line, by Berlin leading 6-0. Then late in the third period the "fired up" Cubs began to pull away as Cleo Johnson also ed from three yards out. Johnson also added the exyra point. From then on it was all Berlin, as the Cubs strong running fullback Jari Chaney ground out the yards and finally scored from 14 yards out, through a hole opened by Mike Stingle and Mark Weisner.

In the final period the Cubs scored twice more. Once onaa reverse by Mike Dorcik and secondly on a pass play from Jerry Parker to Paul McCoy.

The Cubs started of the season with a bang, routing the Bremerhaven Black Hawks 34-0--- keep it up Cubs.

Opening game of Conference

Heroic Stand

by the Cubs

In the first conference game of the season Berlin's cubs were downed 24 to 20 by the Wuerzberg Wolves

After a good first half everything pointed towards a home victory.

Cleo Johnson, was strong in the offense as well as in the defense, he scored twice in the first half. Once on a 79 yard counter play and then on an 8yd off tackle play. But a game lasts four quarters, not two. A second half onslaught by the Wolves crushed the Cubs. Jari Chaney scored from 9yds out and his brother, Mike, added the extra point, Berlin's only score in the second half.

It was an Homeric battle of nerve and muscle, man against man, with no quarter given or asked.

Already the Cubs, thirsting for vengeance, are planning the undoing and trapping of the wolves. With a little bit of luck and with their known pluck the Cubs will dash onward to victory.

PHilanthropist says

Defeat but sweetens

the taste of victory

After this vivid description we leave room for the reader to draw a picture of his own.
